Jorge Maldonado is a paralegal in the firm's Wills, Trusts and Estate Planning department. He enjoys building relationships with clients and feels rewarded when he accomplishes the tasks set before him. These tasks often include scheduling, drafting and editing documents, daily correspondence with all parties, and keeping matters organized. Jorge is inspired by the attorney he works with because he is passionate about helping people. Those qualities motivate him to do his very best each and every day.

Jorge obtained his bachelor's degree in Legal Studies from Florida Gulf Coast University, and has since been in the legal industry for two years. Outside of work, he loves spending time with his family. On his last vacation, they all travelled to Colorado to go sledding and snowmobiling.

Practice Areas

- Estate & Trust Litigation
- Estate Planning & Trust Administration
