Rebecca “Becky” DeFrancesco appreciates that each estate is as unique as the people involved with them. As a paralegal in the Wills, Trusts and Estate Planning department, she assists clients with drafting and completing letters and documents, including financial forms, inventories and accountings. With over forty (40) years in the legal industry, clients and attorneys can rely on Becky’s ability to keep things organized and resilient communications skills.

Becky grew up in New York and achieved her education there as well, including a B.A. from the State University of New York, and her Paralegal Certificate from the National Center for Paralegal Training, Lawyers Assistant Program in Garden City.

When not working, Becky enjoys spending time with her three sons, two daughters-in-law, and five grandchildren. She also likes kayaking, attending concerts and the theatre. The greatest trait she’s found in the attorney she works with is how hard working he is and much he truly cares about his clients.

Practice Areas

- Estate Planning & Trust Administration
- Estate & Trust Litigation
